MEMORANDUM

TO:

Charitable Solicitations Commission Council Liaisons

FROM:

Capt. Mark Rosen

DATE:

December 27, 2017

SUBJECT:

2016 Annual Report

ATTACHMENTS:

- A. List of all organizations with overdue Financial Statements (60-Days or more) for Permits issued for 2016 permitted solicitations
- B. List of organizations that have conducted unpermitted events for 2016 events held in Beverly Hills
- C. List from Charitable Services Section of Los Angeles of Permits issued for 2016 events held in Beverly Hills

The 2016 Annual Report is generated to familiarize the City and the community with all of the important accomplishments of the Charitable Solicitations Commission throughout the 2016 calendar year.

The primary responsibility of the Commission is to ensure the compliance of charitable organizations that solicit donations or funds from the residents of Beverly Hills. Compliance with established permitting guidelines helps to protect our community from fraudulent, fictitious or otherwise unscrupulous solicitations. It also serves to keep the community aware of the many charitable events being held in Beverly Hills. The Commission, in close cooperation with the Police Department, regulates the issuance of solicitation permits, reviews financial statements provided by the charities, and maintains a dedicated website for the public to obtain information regarding permitted solicitations.

During 2016, the Commission was successful in the following endeavors:

1) The Commission issued 225 permits for charitable solicitations conducted in 2016. The Commission reviewed the financial statements of 201 monetary drives and charitable events held during 2016.

- 2) The Commission successfully worked collectively with representatives of the public and other City Departments to craft, introduce, and ultimately pass important revisions to the Beverly Hills Municipal Code as it relates to charitable solicitations. The changes to the municipal code are expected to increase compliance with existing permit reporting requirements, and therefore enhance community safety through community increased awareness. The City Attorney's Office, City Manager, and the Police Department were actively involved in this process.
- 3) Independent action by commissioners researching newspapers and other forms of advertising, led to the identification of charitable events scheduled to take place in Beverly Hills for which no permit applications had been submitted. This information, provided to Police Department staff, resulted in increased outreach, compliance, and ultimately the issuance of permits.
- 4) The Commission was successful in improving the working relationship and the exchange of information between the Beverly Hills Police Department which represents this commission, and the Los Angeles Police Department, which represents the Los Angeles Charitable Services Section. Enhanced communication between the two government entities charged with similar and often overlapping responsibilities will serve to benefit both communities.
- 5) The Commission worked closely with representatives of the Human Relations Commission to review and evaluate applications for the Community Assistance Grant Fund FY16/17 in order to determine the allocation of funds based on service needs within the City. The two commissions collaborated and were successful in working through the proposals and financial information submitted by the individual organizations. As a result, a joint decision was made and recommendations to approve 13 of the applications was submitted to the City Council.

Detailed information collected throughout the year regarding permits, charitable organizations, and financial data is presented on the following pages. The report summarizes all available information regarding permitted and unpermitted charitable solicitations which occurred during the 2016 calendar year.

Staff will follow-up on pending financial statements and reports of unpermitted charitable solicitations until all organizations comply with the City's Charitable Solicitations Ordinance or until they are referred to Code Enforcement for appropriate action.
